

PUBLIC SERVICE ANNOUNCEMENT

Navajo Division of Transportation – Department of Airports Management

June 27, 2017

Tuba City Airport Closure Announcement

The Navajo Division of Transportation, through a grant funded by the Arizona Department of Transportation, will be reconstructing approximately 2,000 feet of the Tuba City Airport's runway.

The project will repair damage to the runway caused by swelling soils. It is the first phase of a two-phase reconstruction project that will ultimately reconstruct approximately 4,000 feet of the runway.

The project is scheduled to begin on **July 10, 2017**. The runway will be closed for a minimum of 45 days while work is on-going at the airport.

For additional information, please contact Muriel Plummer, Delegated Program Manager, with the Navajo Division of Transportation – Department of Airports Management at mplummer@navajodot.org.
